

Trascrizione “Mettici la salsa”

For days my sister has been all grumpy
For lunch and dinner she becomes a picky eater
Not one carb
neither sweet nor salty
But now, that's enough!
Let's make ourselves some pasta!
Add some sauce, add some sauce!
See how good it is, how rich and tasty?
Add some sauce, add some sauce!
With all this good flavor, her good mood will return!
(Sauce, sauce, sauce, sauce, sauce, sauce, sauce, sauce)
With sauce or even vegetables,
The pasta is softer
Spinach and radishes
are also delicious
If you eat everything plain, of course, because you're tired
You make a difference
You're on top of the dish!
Add some sauce, add some sauce!
A bit of pecorino o lots of parmesan,
Add some sauce, add some sauce!
See what color it is and what feelings it gives you
(Sauce, sauce, sauce, sauce, sauce, sauce, sauce, sauce)
Tomatoes and shrimp
Two sprigs of rosemary,
Tuna, asparagus,
and onions
Stir everything until it boils!
When you laugh you're more beautiful
So add some bechamel
A little is enough on the plate
And you know what's coming next:
Add some sauce, add some sauce!
See how good it is, how rich and tasty?
Add some sauce, add some sauce!
See what color it is and what feelings it gives you
With all this good flavor, her good mood will return!
With all this good flavor, her good mood will return!
