

## Trascrizione “Ciao, Ciao”

English translation (with slight modifications): <https://lyricstranslate.com/en/ciao-ciao-bye-bye.html-2>

How are you doing, girl?  
Where are you going tonight?  
What fear around us  
It's the end of the world...  
Above the ruins I'm a queen  
But I don't know what to save  
I'm in pieces, I already miss you  
Sweet eyes, broken hearts  
What a fright like the wind  
This earth will disappear  
In the silence of the widespread crisis  
I say goodbye with love  
With my hands, with my hands, with my hands  
Bye bye  
With my feet, with my feet, with my feet  
Bye bye  
And with my head, with my chest, with my heart  
Bye bye  
And with my legs, with my ass, with my eyes  
Bye!  
This is the end  
Let's break all the shop windows  
It's our turn, don't you feel it?  
Like a wave arrives, I feel it will explode (it will explode)!  
The end of the world is a perfect ride  
The need to party pounds in my heart  
The end of the world, what sweet termination  
It makes me feel sick, my head is pounding  
With my hands, with my hands, with my hands  
Bye bye  
With my feet, with my feet, with my feet  
Bye bye  
And with my legs, with my ass, with my eyes, bye bye!  
With my head, with my chest, with my heart...  
Good night, *bonne nuit*  
*Bonne nuit* and goodbye  
Good night, it's the end, I say goodbye  
Bye bye  
Goodnight, *bonne nuit*  
*Bonne nuit* and bye bye

Bye bye  
Bye bye  
While I eat chocolate in a club  
A social dizziness overwhelms me  
While I read a stupid newspaper  
A world war has broken out in the city  
With my hands, with my hands, with my hands  
Bye bye  
With my feet, with my feet, with my feet  
Bye bye  
With my hands, with my hands, with my hands  
Bye bye  
With my feet, with my feet, with my feet  
Bye bye  
And with my head, with my chest, with my heart  
Bye bye  
And with my legs, with my ass, with my eyes  
Bye!
